### DERELECTION OF DUTY IS SOUGHT IN HERRIN RIOT

Grand Jury Will Make Deep  
Probe Into Massacre,  
Officials Assert.

TO REMOVE CULPRITS

Scores of Letters Carry  
Threats of Violence  
to Prosecutors.

(By the Associated Press)

MARION, Sept. 2.—The grand jury investigating the Herrin massacre is also making a thorough inquiry into the responsibility for the apparent failure to call troops to prevent the slaughter, it became known today.

Should the grand jury find any trace of dereliction of duty on the part of officials, recommendations of impeachments are likely to be made.

Scores of anonymous letters charging that the principals engaged in the prosecution of persons guilty of participating in the riot are paid agents of capital, are being received daily, according to Assistant Attorney General Middlekauff.

No partiality is shown by the senders, Attorney Middlekauff said, as he, Attorney General Brundage and State's Attorney Duty have been recipients. He denied that any of the missives threatened either of the prosecutors with death.

### Miners Imprisoned in Argonaut Tombs are Believed Dead

(By the Associated Press)

JACKSON, Sept. 2.—Another attempt to construct a platform at the 2500 foot level took place today in an effort to establish an air relay from the adjacent Kennedy works to the Argonaut mine to aid in the rescue work and to force fresh air into the lower levels of the Argonaut where 47 men have been entombed since Sunday night. While there was no let-up in rescue efforts, the belief was growing that the imprisoned miners have perished.

### Boston Concilman Charges Dictionary Advertises England

BOSTON, Sept. 2.—Alleging that it contained matter, "as British as London Bridge" Councilman Jerry Watson of Boston has called upon the trustees of the Boston public library to remove from the shelves the latest edition of Webster's dictionary.

The work, according to Councilman Watson, "is part and parcel of the Anglo-Saxon monarchist propaganda which is insidiously undermining the sturdy Americanism of this country."

### FRENCH PROPOSE ALLIED MEETING UPON WAR DEBTS

(By the Associated Press)

PARIS, Sept. 2.—A proposal for a conference of all the interested nations to settle the war debts question is embodied in the French reply to the recent circular notes sent to the entente powers of the Earl of Balfour. The reply, signed by Premier Poincare, was given out last night.

Such a meeting, the French note holds, would have the most salutary effect on the reparations problem.

The note reiterates the French view that the general cancellation of the war debts is justifiable, and plainly intimates that the United States should participate in any general agreement.

### CONFEDERATE VETS TO HOLD MEETING SUNDAY

Monthly business meeting of William Byrd camp, United Confederate Veterans, will be held Sunday afternoon at 2:30 at the City Hall. Capt. A. M. Crow, camp commander, announced this morning. Delegates will be elected to the state convention at Shawnee September 26, 28 and other important business will be transacted.

### Stork Favors Man 78

BEAUVOIR, Miss., Sept. 2.—Married for the first time when 74 years old and the second time when 78 years old, after which the stork brought nine babies to his home, is the record of J. Turner, confederate veteran, 94 years old, who is an inmate of the Jefferson Davis Soldier's home here.

### WANER TO HURL SUNDAY'S GAME

Crafty Southpaw Booked  
to Meet Wilson & Co.  
Hitters Here.

A late decision was given out today by Manager Green in which he said Paul Waner would fill the box Sunday for Ada against Wilson and Company of Oklahoma City, playing in the first game of a series of two at Fair Grounds park.

It was first announced that Waner would be worked Monday, Wednesday and Sunday week, but Green believes it will be best to use Waner Sunday, Wednesday and Sunday week, as this would give him more time for rests between games.

Lefty Williams, who was to have pitched Sunday's game, will not go into action until Monday. He will be given the task of putting Ada over the top in the crucial game of the series. Williams has only worked one-half a game for Ada this season but was effective and fans received him with open arms. They are anxious to see him work again.

Tomorrow's game will be played at 3:30 p. m. It is likely to be an interesting game due to the fact that Wilson and Company are reported to have strengthened their team with several professionals. Ada Independents have been preparing for two hard games.

Wednesday, Thursday and Friday of next week Anadarko will be here for three games. They are reported also to have several professional men on their line-up and are coming with the intention of taking at least two games. If Ada defeats Wilson and Company team and Anadarko club, it will then have easy sailing to the state amateur championship. Ponca City and Okemah will be the only teams with any right to challenge the title.

### Peggy's Husband is Shot in Body While Handling a Pistol

(By the Associated Press)

PLATTSBURG, N. Y., Sept. 2.—"Buddie" Johnson, husband of Peggy Marsh, actress and professional dancer, who accidentally shot himself through the body Thursday night, is in a critical condition in the Chamberlain Valley hospital here today, after having been conveyed by boat and automobile from an isolated camp in the Adirondack mountains, more than fifty miles away.

The shooting occurred at the camp of Jack Clifford, former husband of Evelyn Nesbitt, late Thursday night as Mr. Johnson was about to put away a revolver he had been using in target practice.

OKLAHOMA WEATHER  
Tonight and Sunday generally fair and not much change in temperature.

the keys  
For a boss with a growl like a  
bear;  
If I even suggested a thing like a  
raise,  
He threatened to give me the air;  
Then the want ads I read, and I

I'm grinning all over my face.

### What is a Husband's Market Value? Divorcee Offers to Pay \$100 Month

Mrs. Edith Huntington Spreckles Wakefield, wealthy divorcee, offered Mrs. Nellie Kendrick, at right, \$100 a month for life for Mrs. Kendrick's husband, below. At right, the "office" (the Kendrick home) where the deal was discussed.

Mrs. Edith Huntington Spreckles Wakefield, wealthy divorcee, offered Mrs. Nellie Kendrick of Sonoma, Cal., \$100 a month for life for her husband, Rodney Kendrick. Mrs. Kendrick turned down the offer and now asks Mrs. Wakefield, through the courts, for \$25,000 for alienation of her husband's affections. Mrs. Kendrick is serious.

### MAIL TRUCK DRIVER DESCRIBES HOLDUP

### MYSTERY COVERS SCULLIN MURDER

Body of Man Found Near  
Car With Bullet in Head:  
May be Kansan.

A seemingly impenetrable mystery hovers around the finding of a body of an unidentified man, about 25 years old, on a main road 300 yards east of the stock pens at Scullin, in Murray county, near the Pontotoc county line, Friday morning.

Meager details of the apparent murder were obtained by a telephone communication this afternoon with Sheriff C. H. Parks of Murray county.

The body was found near the roadside where it apparently had been dumped after being wrapped in a quilt. There was a bullet hole above the left eye. The quilt, however, was found in the Ford roadster which the man was believed to have been driving. There was no tag on the car.

Letters in the dead man's pocket lead officials to believe that he is Leslie Bailey of Junction City, Kansas. No clues have been found to clear up the killing. It was believed that the man was shot Thursday night as a watch found in his pocket was still running. This also discounted an early theory that he had been killed by robbers.

### HOT WISCONSIN PRIMARY RACES NEARLY ENDED

(By the Associated Press)

MILWAUKEE, Sept. 3.—Wisconsin's primary election campaign, nearing completion, has perhaps been the most important and interesting since the enactment of the primary law.

United States Senator LaFollette, seeking renomination as progressive republican, against William Canfield, representing an opposing faction known as the Citizen's Republican wing, makes this contest head the list in importance as well as in interest. Mrs. Jessie Hooper, unopposed as a democratic candidate for the nomination of United States senator, must receive approximately 25,000 votes in order to be placed on the ticket at the general election in November.

Bandits Tied His Hands and  
Broke Open Bank Pouch  
Filled With Money.

(By the Associated Press)

MIAMI, OKLA., Sept. 2.—Charles Carter, mail truck driver, who yesterday was held up and robbed of approximately \$14,000 in cash contained in a mail pouch which was consigned to a bank at Picher, today visited the scene of the hold-up and re-enacted the details of the robbery.

Carter is not under arrest. He told officers that three strange men in an automobile drove alongside his truck. One of them stood on the runningboard of the automobile, covering him with a revolver before he had time to draw his own weapon. He was then compelled to drive his truck into a vacant field nearby where the bandits forced the lock on the pouch and removed the currency.

His hands were tied behind his back, Carter told the authorities, and he was taken by the three hold-up men to a spot a few miles north of the field, where he was dumped out of the automobile. After a few minutes, he said, he loosened the rope which bound his hands and made his way back here.

An oil field worker stopped and saw the four men in the field and inquired "what was going on." Carter said he had been warned to keep quiet and one of the bandits told the man they were waiting for an airplane to land.

(By the Associated Press)

JOPLIN, Sept. 2.—Police and county authorities of northeast Oklahoma, southeast Kansas and southwest Missouri, renewed their efforts early today to find some trace of three bandits who yesterday afternoon held up a mail truck on the road near Commerce, Okla., took \$13,000 in cash from the truck, Charles Carter, bound hand and foot in a barn five miles from the scene of the hold-up.

The money had been consigned from a Miami, Okla., bank to a Picher, Okla., bank and was to be used today in cashing checks of lead and zinc miners in the Oklahoma district. The bandits left other registered mail untouched.

### ABANDONED JAP FREIGHT SHIP LIMPS TO HARBOR

(By the Associated Press)

MANILA, Sept. 2.—The Japanese freighter Ryokai Maru, which was abandoned by its crew two weeks ago off the Southern Mindoro coast today limped into Manila Bay. She was in the hands of salvagers and partly under her own power.

### NOTED OKLAHOMA JURIST IS DEAD

Judge John Burford Passes  
Away at Long Beach;  
Early Nominee.

(By the Associated Press)

OKLAHOMA CITY, Sept. 2.—Judge John H. Burford, prominent Oklahoma lawyer, jurist and legislator, died at his home at Long Beach, Calif., early this morning, following a prolonged illness, according to word received here.

Judge Burford was 70 years old. Judge Burford's wife and son, Frank, were at the bedside at the time of death. The body will be returned here early next week. Funeral arrangements are to be announced later.

Judge Burford was one of the two republican nominees for the United States senate in the first state election. He was a member of the fourth and fifth sessions of the legislature and was prominent in legislative and impeachment proceedings during those sessions.

He was born in Parks County, Ind., in 1852.

### Room is Specified in Police Raid on Alleged Gamblers

In the report in Friday's paper of the arrest of several men by the city police on gambling and drinking charges in the Shaw Building, the room where they were found was not specified, as the information at that time was not available.

According to information obtained today, they were arrested in one of the rooms occupied by the S. W. Hill Cotton Company. When asked about the matter today, Mr. Hill said he knew nothing of the matter, as he was not in the room and did not know of the arrest until he saw it in the Evening News Friday.

### TRAINING SCHOOL PUPILS TO ENROLL NEXT MONDAY

Training School pupils of East Central Teachers college who report for enrollment in their respective rooms in the Education building, Monday, Sept. 4, according to an announcement this morning by Prof. R. R. Robinson, director of the school. All new students should take their promotion cards with them.

### No Paper Monday

In keeping with the spirit of Labor Day and the established custom of the Ada Evening News, no paper will be issued Monday. The management hopes that everybody will be able to take a vacation and enjoy the day to the fullest.

### DAIRY WAGON IS IN CRASH TODAY

Local Man Avoids Injury by  
Leaping from Milk Cart  
on Tenth Street.

Damage to the amount of about \$40 resulted at an early hour this morning when the dairy wagon belonging to D. C. Brecheen was broken up in a runaway. Injury to the team of horses also resulted when they fell on the pavement, after breaking away from the dairy wagon at Tenth and Rennie.

Witnesses to the runaway said the team became excited when the tongue of the wagon dropped down as the vehicle was proceeding north on Rennie from the ice plant. The horses turned west on Tenth as they reached the water trough in the center of the street at the crossing.

Mr. Brecheen saved himself from injury when he leaped from the wagon as he lost control of the team.

Glass windows in the wagon, together with a large number of milk bottles, were smashed. Mr. Brecheen had completed most of his delivering but several quart bottles of milk were in the wagon at the time. All these were smashed.

As the team turned west on Tenth, they ran into a Ford roadster standing at the curb. The impact pushed the car several feet off the street and broke the team loose, overturning the wagon.

The accident occurred about 7:30 o'clock this morning. Knees of the horses were badly bruised when they fell on the pavement on North Broadway, after leaving the wagon.

### WHITE LANDLORD SHOT BY HIS NEGRO TENANTS

(By the Associated Press)

GARY, IND., Sept. 2.—Mike Vedovick, white land lord of an apartment, occupied by negroes, was shot and killed today and Mary Riskup was wounded in the arm and hand in a dispute over rent. An argument yesterday between Vedovick and his tenants resulted in a clash and Vedovick was arrested for assault and battery. When he visited the apartment today, an argument led to the shooting. His assailants escaped. Police have thrown a cordon about the district to prevent outbreaks.

### RAPID PROGRESS IS REPORTED IN OPEN GOLF TILTS

Rapid progress is being made in the Ada Open Golf Championship. Several elimination matches were completed this week and by Monday the entire tournament will go into the semi-finals.

Matches already played included: Elimination of Bruce Ligon by N. W. Fisher; elimination of W. O. Matthews by Harmon Ebey; elimination of Wiley Blanks by Merle Matthews; elimination of F. D. Hill by Paul Alderson.

Matches yet to be played, scores of which must be in the hands of the manager, Harry Schlenberg, by Monday, follow: Whit Fentem vs. Marshal Harris; R. L. Givens vs. R. W. Simpson; J. I. McCauley vs. Paul Carson; W. B. Coffman vs. H. P. Schlenberg.

### 50 C. B. & Q. Employees are Given Pensions for Long Services

CHICAGO, Sept. 2.—Retirement with pensions were granted today to fifty employees of the Chicago Burlington and Quincy railroad. With employees previously retired the company has pensioned nearly 200 since adopting the system last January.

Among those placed on the retired list today are four who have served the road continuously for more than fifty years; ten who worked without a break for forty years or more and twenty-one who have been on the road for more than 30 years.

### GOVERNMENT TO ACT QUICKLY ON RECENT VICTORY

500 Subpoenas and Notices  
of Restraining Order  
Being Printed.

### GIGANTIC LEGAL MOVE

Marshals Through Nation  
Hasten to Carry Out  
Preliminaries.

(By the Associated Press)

CHICAGO, Sept. 2.—The government acted swiftly upon the heels of the injunction action yesterday in which United States Attorney General Daugherty obtained a temporary injunction, which prohibits the strikers from interfering in any way with the operation of railroads.

Notice of the temporary enjoining order and the pending hearing September 11 in federal district court here, were served last night on John Scott, secretary-treasurer of the railway employees department of the American Federation of Labor.

B. M. Jewell, head of the railway employees department of the federation of labor and acknowledged leader of the strikers, could not be found by deputy United States marshals.

Five hundred subpoenas or notices of the temporary order and hearing were being printed last night and were to be received at the federal building this morning. More than 250 individuals, officers and leaders of the six shopmen's unions whose members went on strike July 1, the railway employees department, and 120 systems federations throughout the country were named.

Some five thousand deputy United States marshals throughout the country were ready to serve the subpoenas.

Fifty additional marshals were sworn in at Chicago to aid in serving the injunction notices upon union leaders.

While rigid restrictions were placed by the injunction granted yesterday on all participants in the nation wide rail strike, reports of violence continued to be observed in the shopmen's walkout.

The last 24 hours, however, developed fewer outrages than the day immediately preceding.

High lights included the derailment of the Big Four passenger train at Brownsville, Ind., where a woman passenger was injured; bombing of the home of a railroad shop foreman at Little Rock, Ark.; a plot to dynamite property of the Louisiana and Arkansas Railway at Bentley, La.; an attempt to derail a Big Four train at Marion, Ohio the derailment of the Palmetto Limited on the Atlantic Coast Line near Tampa, Fla., and an attempt to blow up a bridge over in Ohio.

### VANOSS DEFEATS BEBEE IN EXCITING CONTEST

Vanoss school baseball team defeated the Bebee team on the Vanoss field Friday afternoon in an exciting game by the score of 8 to 6.

This closes a series of three games between the two schools. Vanoss taking two of them. The defeat at the hands of Bebee last week was the only mar to the record of the Vanoss school this year.

### Grable Seriously Ill

(By the Associated Press)

CHICAGO, Sept. 2.—E. F. Grable, president of the International Brotherhood of maintenance of way men, is critically ill in a hotel here, his wife told a representative of the Associated Press today, suffering from a nervous collapse.

### Shelton Buys Stock of Jackson Bros. on 12th and Townsend

W. T. Shelton has purchased the stock of the Jackson Bros. Furniture company at Twelfth and Townsend and will continue outstanding accounts. The Jackson brothers will be out of the furniture game entirely.

Mr. Shelton is no novice in furniture. For several years he conducted a large store on West Main street. He is well known here and well liked. He has already taken charge of the new establishment.

## BIBLE THOUGHT FOR TODAY

LOVE MASTERS FEAR:—There is no fear in love, but perfect love casteth out fear.—1 John 4:18. THE WAY TO FREEDOM:—Ye shall know the truth, and the truth shall make you free.—John 8:32.

## LABOR DAY

Monday will be Labor Day and will be observed throughout the United States. It is indeed fitting that this tribute should be paid to the cause of labor, for a great deal is said about the dignity of labor and every word of it deserved. Our civilization is founded on labor and on this foundation must remain.

When man was put on earth the Creator commanded him to subdue it and the only means to accomplish this end is by labor. The earth was richly endowed in fertile lands and in mineral wealth, but it was so arranged that only by labor benefit could be derived. As man conquered the obstacles in life through labor so he developed mentally and physically. It was not intended that man should live in idleness. He has done much to subdue the earth and wrest from nature her secrets, but there is still much to be done.

Just what effect the federal court injunction will have on the railroad strike is to be determined in the future. In our opinion it will not injure the cause of unionism if the members of the various unions only take it as an index of the way they are to proceed. It is much more easily to work within the law than without. It is only when individuals or organizations decide they can ignore the law that they get into trouble. It might be a good thing, therefore, if the unions will realize just how far they can go and attempt to go no further. Naturally in the past, the lines of demarcation have been lightly drawn and it was difficult for some individuals to determine how far they should or should not go in labor disputes.

Sincerity of convictions and intentions is commendable, but it does not necessarily follow that this makes an opinion right. People once thought the earth was flat but that did not alter the case in the least. The Massachusetts citizens were one time committed to the belief that they were performing a religious duty in hanging or torturing witches but that did not make witchcraft a reality. The conclusion, then, is that since there is always a chance of being wrong a man should go the limit in extending the scope of his knowledge.

By this time every town in the cotton belt of Oklahoma has received its first bale, many of them quite a few more, and now that the season is well under way every one is hoping that the price will hold to its present level. In that event conditions will show a marked improvement, for all reports indicate that the crop of this year will be somewhat better than that of 1921, although it will be far from a bumper.

Congress has during the past few years attempted on several occasions to meddle with the prerogatives of the president and President Harding probably thought would welcome a chance to settle the strike. At all events he passed the buck but to date congress has shown no special joy over being thus taxed with such a job, especially with election time at hand. They all know that the cat should be belled, but who is going to put the bell on the dangerous tabby?

James Dennis Flynn, of Sapulpa, Republican nominee for lieutenant governor, wants the job of helping to reform the state. Dennis has had a good many years in which to reform Sapulpa but no one ever heard of his taking the reform side of a question. His appearance in the role of a reformer is a new one for him.

The county attorney of Seminole county may have some trouble in explaining why he let a year or two pass by without filing charges against Lieutenant Governor Trapp. If there was anything against Trapp it could have been brought out as easily a year before the election was to wait until the campaign is under way before bringing it up.

Sweden's first prohibition election was won by the antis by less than 100,000 majority. The dries made a much better showing than one would have thought possible and the result indicates that within another decade the nation will be in the dry column.

John Fields appeals to the voters of Oklahoma to lay aside politics and elect him governor. Somehow John has never been specially noted for advocating the laying aside of partisanship by members of his own party.

The Francis Herald calls attention to the fact that although there has been trouble at other places affected by the strike there has been none at Francis. The strikers have conducted themselves peacefully at all times.

## UNCLE IS IN A SAD TANGLE TRYING TO GET HIS PRIZE STOCK TO THE FAIR

## The Forum of the Press

How About It?  
If you are a married man, don't apply for a teaching position at Northwestern University, at Evanston, Ill.

Evanston, Ill., is a "social center"—or so the university authorities think. The salaries paid instructors are so slim that they can not maintain a wife and a family upon them, because of the "social demands" upon the time, strength, and pocket-book of the professors. Wives of learned instructors have had to take jobs in stores, and as telephone girls, and waitresses in restaurants (horrible thought), in order to live!

Wherefore the university authorities say "no more married instructors."

A baldheaded man complained of a fly on top of his head. The town fool killed the fly with an ax. That he killed the baldhead, too, didn't appear to him to matter.

Did it not occur to the authorities to interfere with the unnatural, not the natural process? To eliminate the false standards of "society" and keep the true standard of human life? For it is not good for man to live alone; the unmarried instructor is sure either to marry or to wish to marry. If he does the first, he is fired; if he merely wants to and can't, he worries as much as the professor already in chains of debt and small salary and "social observance"—heaven save the mark!

The best teacher, other things being equal, is the happiest teacher. The laborer is worthy of his hire. Let Northwestern ban the "society" expense, let Northwestern reduce its program and pay a living wage, but let Northwestern take heed in time, for Nature is stronger than universities, and the ingrained instincts of the human race far more powerful than the ukase of the board of directors. Either Northwestern will change its ruling or Northwestern will go down, down, down in educational ability—not to mention desirability!

What Will Courts Do?

(Tulsa Tribune)  
The wave of hi-jacking which suddenly arose on the county roads seems to have been broken. About ten men and women are in the county jail this afternoon suspected of having carried on the highway robberies of the past two weeks. F. J. Bays, the county investigator, and his associate officers nabbed the whole crowd in a raid marked by lightning speed and sweeping effectiveness. That is law enforcement in its first stage.

Now what will the courts do? Will they give these suspects a swift trial without delays, without fumbling, without any pussy-footing? The public applauds the work of the officers. It wants next to applaud the work of the courts. Today the men are in jail. Several of them have been positively identified by victims of the recent robberies. A huge stock of loot was found in their possession. Of evidence there is plenty.

A smashing prosecution, the heaviest criminal bonds the law allows, no delays for making alibis, and rigid guarding of the prisoners—this is the program wanted by the public now. It is up to the prosecutors and the courts to make good. This is the time to strengthen the respect for law and courts in Oklahoma. This is the time to sweep

aside the precedents of long delays and forfeited bonds which allowed criminals to go free and brought courts into disrepute.

Tulsa demands speedy justice today. That doesn't mean "railroading" anyone to prison. It means a fair trial at once. But justice must not be thwarted by shyster tactics!

Is There a Reason?  
(Ponca City News)

Is there any reason why there should be more delay in the trial of Gov. J. B. A. Robertson on the charges that have been placed against him at Okmulgee? The News confesses that it knows of none. Furthermore we are convinced that the governor will be given a fair trial. If he is innocent this fact should be brought out by the court without delay, and it would seem that the governor himself would be anxious for a quick vindication. But instead of this every effort has been made to delay the trial. This sort of thing has done more than anything else to make a mockery of justice. It has shaken the confidence of the people in their courts, and has led to the belief on the part of many that money and influence make it easy for the guilty to escape. If there is a political phase to this case, we are not interested in it. The man who is at the head of the great state of Oklahoma has been accused in the court of a serious crime. Let's prove it on him or wipe his name clean of the dishonor.

## STOMACH TROUBLES

Indiana Lady Had Something Like Indigestion Until She Took Black-Draught, Then Got All Right.

Baymont, Ind.—"Some time ago I had a sick spell, something like indigestion," writes Mrs. Clara Pennoch, of Route 6, this place. "I would get very sick at the stomach, and spit or vomit, especially in the morning."

"Then I began the use of Theodore's Black-Draught, after I had tried other medicines. The Black-Draught relieved me more than anything that I took, and I got all right."

"I haven't found anything better than Black-Draught when suffering from trouble caused by constipation. It is easy and sure. Can be taken in small doses or large, as the case calls for."

When you have sick stomach, indigestion, nervousness, constipation, or other disagreeable symptoms, take Black-Draught to keep your system free from trouble.

Theodore's Black-Draught is made from purely vegetable ingredients, acts in a gentle, natural way, and has no bad after-effects. It may be safely taken by young or old.

Get a package of Black-Draught from your druggist or from Theodore's Black-Draught Co., 1117 West Main St., Ada, Okla.

## GEN. TOWNSEND PAYS VISIT TO SYRIAN LEADER

BEIRUT, Syria.—Major General Charles V. F. Townsend, who commanded the British forces which surrendered to the Turks at Kut-el-Amara in the campaign for Bagdad, is at present here as the personal guest of General Gouraud, the French high commissioner to Syria. General Townsend, after the war, returned to England from Turkey and was elected to Parliament, where he has appeared as a critic of the policy of the British government in the Near East. Special dispatch from London in May said the government had refused him a passport to visit Turkey, fearing he purposed to deliver pro-Turkish speeches. He was believed strongly to favor the Turkish side of the argument with Greece.

It is believed in Beirut that General Townsend came to Syria in an effort to bring about a reconciliation of the British and French policies in Palestine and Syria. He has been quoted in a local newspaper as follows:

"The Turkish Nationalist movement, which had led to Mustapha Kemal Pasha gaining all the real power in Turkey, would never have assumed its present attitude of hostility to the Allies had not the Treaty of Sevres proposed to dismember the Turkish Empire."

He believes that the Greco-Turkish war must be stopped, and that the Greeks should renounce their claims to any part of Asia Minor and agree to the Turks retaining the ethnologically Turkish parts of Thrace, including the Moslem holy city of Adrianople. He suggests the Maritza river as the logical boundary in Thrace.

"Cutting off all Turkey's Arab provinces," asserts General Townsend, "is quite sufficient punishment for her having fought on the side of Germany. To leave Smyrna in the hands of the Greeks is to create an Oriental Alsace Lorraine that must inevitably provoke another war."

The defender of Kut-el-Amara expects to spend about a month in Syria. He will visit Cilicia, and there arrange for a conference with Mustapha Kemal Pasha.

## MODART CORSETS FrontLaced

Today's Corset Should be Re-named

Calling a rose a thorn, would be as suitable as calling today's corset, a corset.

We have so long associated the name with a vise-like harness that it is entirely inappropriate to the present dainty support.

The Modart Corset is especially enjoyable. The miraculously pliant, it is an effective support, and being a lace-front, one can adjust it right on the figure. (A great advantage, because one's figure varies from day to day). If you have never worn a Modart, we sincerely advocate it for your perfect comfort and well-being.

Sunday school at 9:45. Prof. R. S. Newcomb, Supt.

Preaching at 11:00 a. m. and 8:00 p. m. by the pastor.

The pastor has returned from his vacation and desires to see a full attendance at all the services tomorrow.

J. H. BALL, Pastor.

Presbyterian Church

Vacation time is over. Let us begin our work together of being on time in the Bible school Sunday at 9:45 and the preaching services at 11:00 a. m. These will be in the city hall.

At 8:00 p. m. we hold the first public service on the main floor of our new church. Evangelistic services will be continued each evening for two weeks or more.

We are giving special invitations to all pastors and their people to cooperate with us in praying and working for a great spiritual revival.

Rev. E. O. WHITWELL, Pastor.

St. Luke's Episcopal

Rev. Charles L. Widney will be here Sunday to hold services. Morning sermon and prayer at 11:00 a. m. Sunday school will be at 9:45 a. m. There will be no evening services as Rev. Widney will be in Hollywood.

First Baptist Church

Fall is here and no doubt we all feel refreshed after vacations and are ready for work. We are exceedingly anxious for our different departments of church work to go back to normalcy. The Sunday school will meet at 9:45. Mr. J. A. Ridding is the superintendent and Mr. D. W. Swaffar is the secretary. Let parents co-operate by seeing that their children are present tomorrow and that they themselves come.

The Men's Bible Class will meet at the McSwain theatre and Mr. Ellison will teach the lesson. Every man in town who is not already attending somewhere else is urged to be present. They begin at 9:30.

The pastor will preach at the morning hour and desires to greet a large congregation. Let all the members be present and bring their friends with them, and let's make this a great service. If any Baptists have moved here during the summer we cordially invite and urge you to come tomorrow and unite with us.

The B. Y. P. U.'s will all reorganize tomorrow for fall and winter work. The senior No. 1 has been meeting right through the summer and will have their program as usual tomorrow evening at 7 o'clock.

The Blue and Gold will meet for the purpose of reorganizing. Mr.

Bobbitt will meet with them and all old members are urged to be present and bring any others whom they feel would like to join.

The Intermediates will meet at 7 o'clock and Mr. and Mrs. Tom Fullerton will meet with them. They are very anxious to have a large attendance as they go into a reorganization.

The Juniors will meet at 7 o'clock and Mr. and Mrs. A. H. Davis will meet with them for their reorganization. They are very anxious for the parents to send their little fellows from nine to twelve years of age.

Let us enter the fall with renewed determination to make this the greatest year in our history.

Baptist Association

Pontotoc county Missionary Baptist Association will convene in its annual session with the First Baptist church here next Thursday, September 7, at 2 p. m. The meeting will be called to order by the moderator Rev. C. C. Morris.

There will be messengers here from all the churches in the county and it is confidently believed that it will be the best meeting they have had in years.

Committees will be announced at the service Sunday morning and among the committees named will be the one for entertainment. It will be their duty to provide homes for the messengers and we sincerely hope that the membership of the church will respond by taking one or more members when you are called upon by the committee.

Let our folks attend the meetings and help to make this a great meeting.

C. C. MORRIS, Moderator.

D. W. SWAFFAR, Clerk.

First Christian Church

Bible school at 9:30. All the classes will meet at their usual class rooms used before the vacation period. The men's bible class meets at the Chamber of Commerce room, 207 East Main street. Dr. Linschold is teacher. The young women's class meets in the Criswell-Meyers parlor, 203 East Main street. Mrs. A. Linschold is teacher.

It is hoped that we may have at least 300 in the Bible school Sunday morning to begin the fall work of the church. Let everyone try and be at Bible school and bring someone who is not accustomed to attending with you.

The pastor will be with us tomorrow after his vacation of four weeks, and will fill the pulpit both morning and evening hours. The morning service is at 11 a. m. and evening at 8 p. m. As the vacation time is over now every member of the church should return to the work of the Lord with more zeal than that which was manifested before. Every Christian should take a delight in attending the house of worship on the Lord's day.

A cordial invitation is extended to all who are visiting in the city to the services of this church.

### AMATEUR GOLFERS WILL SEEK TITLE UPON HARD COURSE

Circuit of Brookline Club  
One of Most Difficult  
in Entire Country

BROOKLINE, Mass., Sept. 2.—Changes recently made in several holes of the course of The Country Club make the circuit, where the 1922 National Amateur Golf Championship of the United States will be played next week (Sept. 4-9), one of the most difficult in the country. The total length of the 18 holes now in 6318 yards with a par of 71.

A description of the holes follows: Hole No. 1, 440 yards, par 4: One of the hardest pars on the course. Rough on both sides of the fairway with out-of-bounds on the right. Only one trap on the hole, that to the left of the green. The race track serves as a hazard as it catches many a second shot and lies about 30 yards short of the green.

Hole No. 2, 305 yards, par 4: One of the easy ones if the drive is well placed. Out of bounds to the left with many traps guarding that side of the green and one in back for an over-approach. A sliced drive means the niblick will be used on the approach.

Hole No. 3, 435 yards, par 4. A real trouble maker. The hole is of the elbow type. Drive must be accurate as long traps lie on each side of the fairway. Woods on both sides near the green catch a poor second, and a strong iron second means a trap shot back or an out-of-bounds penalty.

Hole No. 4, 300 yards, par 4: New tree has been built here. One long trap guarding the front of green with woods on both sides of fairway. A simple four with iron or wood of the right sort from the tee.

Hole No. 5, 420 yards, par 4: Slight elbow effect with a long carry needed from the tee to open the hole correctly. Out of bounds to the right and a bad slice or half-hit tee shot means a lost stroke on account of the rough. Well trapped below and in front of the green. A spoon or long iron shot for the second is needed. A troublesome hole.

Hole No. 6, 285 yards, par 4: One trap on right of fairway to catch a sliced drive, while a hook means the rough but with plenty of chance to recover for par figures. Trapped nicely in front of green as in the back.

Hole No. 7, 200 yards, par 3: The first one-shot hole on the course, yet one of the hardest as the green slopes away from play. Trapped for a hook with a sliced ball ending in the rough as well as a strong tee shot.

Hole No. 8, 385 yards, par 4: Woods on the left give trouble, but there is plenty of room on the right. Approach is rather blind and up hill. Trapped all around with the exception of back of green.

Hole No. 9, 440 yards, par 4: This was formerly the 12th hole but was recently changed to last hole of the outward half to bring the turn near the club house. One of the most difficult pars on the course as the second shot is deceiving and rather blind. Trapped to catch poorly hit drives and topped seconds with woods on both sides for wayward shots. An over play winds up in the rough with a hard approach back.

Hole No. 10, 325 yards, par 4: The old 13th. Plenty of room here unless a slice appears. A sliced drive often winds up in a small quarry where several strokes are needed for recovery. A shot approach means a trapped ball. Plenty of opportunities for three here if played correctly, as the green is built in a hollow and can be pitched to easily.

Hole No. 11, 515 yards, par 5: The old 9th. The hardest hole on the course. The long hitters sometimes get home in two. Play is from top of a hill with a long drive needed to carry marshy land. Woods on both sides with rocks within. A brook must be carried on the second shot; a slice catches the rough and a hook the woods. The approach is considerably uphill and doubly difficult as the green is very sloping. Trapped in back with mounds in front. A have here is excellent golf.

Hole No. 12, 140 yards, par 3: Play is from an elevation to an island green completely surrounded by traps with a ditch guarding the front. Distance is deceiving and fours are very frequent. Marsh lands surrounds the outside of the traps.

Hole No. 13, 383 yards, par 4: Slight elbow hole with out-of-bounds in the woods on left. Right of fairway also wooded, but no

### Tyrus Cobb Supreme After 18 Years

An unusual picture of a common sight to American league fans. The photographer caught Cobb just as he released two extra bats he uses in "warming up" on his way to the plate.

By NORMAN E. BROWN.

Ty Cobb, in his eighteenth season in the big show, is giving American league sluggers, young and old, a run for the batting honors which he already has won twelve times. It is certain that he will hang up a percentage above 300 again—as he has for seven months. And all this despite the fact that he has served more than the ordinary span of years in the big show and now has had to carry the managerial duties of the club on his shoulders as he

steps daily to the platter. Can any other player in the game today claim the center of the stage while this Georgia Peach defies time and its toll as he is doing now?

George Sisler stands out as the greatest player of the younger period and school in the game today. Veterans like Tris Speaker and Walter Johnson still rank as illustrious stars in their realms. Speaker as a wonderful fielder and a great manager, and Johnson as king of pitchers. But Cobb's record stands unequalled.

### Big Changes in Gridiron Rules Go Into Effect With New Season

Some radical changes in football rules will go into effect at the beginning of the 1922 season next month, according to the latest issue of Spaulding official football guide. The most radical change in the present rules is that of scoring the single point after a touchdown. In scoring, a new feature is introduced, called a "try-for-point." Formerly a place-kick only was allowed for a goal after a touchdown. Now the side scoring the touchdown is permitted to bring the ball out of any point not less than five yards from the goal line, or to any great distance they may choose, and there a scrimmage is formed, with the scoring side in possession of the ball.

They can make any play which is legal from an ordinary scrimmage line and endeavor to score by a placekick, a dropkick, a forward pass or a run. Should they by any of these means in a single down put the ball over the goal line and secure a touchdown or should they elect to kick a field goal, any of these successes yields them a single point. Immediately after the ball is taken back for a kick-off as in similar fashion to the old method when the try for goal had been proven successful or unsuccessful as the case might be.

Undoubtedly one of the greatest changes in this year's rules was the constructive rule regarding shift plays and for their more clear and simple enforcement by the officials. It provides as formerly regarding the ordinary shifts, and also provides that when a man is in motion after he has left the scrimmage line,

he must be at least five yards back when the ball is put in play. In all shift plays, under the new rules, the man who has moved from one position to another before the ball is put in play, must come to a stop; not only both feet stationary on the ground, but must come to a full and complete stop so that when he starts again he starts off from a standstill.

With most of the big colleges in the country making preparations for the coming football season, the gridiron fans are beginning to dig up the old rules and regulations of America's great collegiate sport in readiness for the opening of the season the first week in October.

Minor changes include: when time is taken out after the third re-quest by a captain it entails a two-yard penalty. The linesmen's stakes are not moved as formerly. Interference with the defense side on a forward pass entails a loss of 15 yards and the additional loss of the down. Relating to substitution, a player taken out in one half can not return in the same half, but a player who has been taken out in the first half may return to the game in the second half, not necessarily at the beginning of a period.

Unnecessary roughness has been somewhat more clearly defined and additional power put in the hands of the officials. The rough and tumble sport which our fathers played has gradually been "ruled" down until at the present time it is a gentlemen's game in every particular. The undesirable features in the great game have been modified, and in many respects done away with.

### Carl East Setting Hot Pace for Rival Western League Men

With an average of 388—a lead of fourteen points—Carl East, the Wichita outfielder, is setting a hot pace for his batting rivals as the clubs enter the final dash of the Western League pennant race. Judging from his recent performances, East is in no danger of being nosed out of the 1922 championship.

In the last eight games, East connected with fifteen hits, including a pair of homers, which sent him into a tie with Davis of Tulsa for hitting honors that made Babe Ruth famous. East and Davis have twenty-seven homers to their credit, while Lamb of Tulsa is next with twenty-six.

Manush of Omaha went into a tie with Elsh of Sioux City in the batting race, each with an average of 374. Manush, in his last six games, hit safely thirteen times, while Elsh got ten in seven games. Elsh, however, is maintaining his stride in base stealing, remaining in a tie with Hamingway of Sioux City with forty-six thefts. The averages include games of Tuesday.

Other leading batters for ninety or more games: Tucker, New Orleans 333; Lapan, Little Rock, 331; Henry, New Orleans, 331; Conolly, Little Rock, 325; Williams, Mobile, 321; Harper, Birmingham, 320; Bernsen, Atlanta, 316; Camp, Memphis, 315.

The oldest known bank notes were issued in China 2537 years before the Christian era.

### Neun Swats Way Into Tie With Schleibner for Bat Supremacy

The challenge for the batting leadership of the Southern Association made by Neun of Birmingham was the real thing. With an average of 337, Neun battled into a tie with Schleibner of Little Rock, who was six points in the lead a week ago.

In his dash to overcome the Little Rock slugger, Neun connected with fourteen hits in his last eight games. Tucker of New Orleans and Niehoff of Mobile are making a desperate attempt to pass the mark set by Conolly of Little Rock in home run hitting. Conolly, who went to the Cleveland Americans, was leading with twelve, while his challengers are trailing with ten apiece. The averages include games of Tues.

The two Birmingham stars—Silva and Stewart—are entering the final stretch of the season with the prospects of an interesting fight for base stealing honors. Stewart, with a total of forty-three, has a lead of six over Silva.

Other leading batters for ninety or more games: Tucker, New Orleans 333; Lapan, Little Rock, 331; Henry, New Orleans, 331; Conolly, Little Rock, 325; Williams, Mobile, 321; Harper, Birmingham, 320; Bernsen, Atlanta, 316; Camp, Memphis, 315.

### HORNSBY IS HAILED AS CERTAIN LEADER OF NATIONAL CAMP

St. Louis Marvel Has Safe  
Margin Over All Rivals  
and Grows Stronger.

(By the Associated Press)

CHICAGO, Sept. 2.—Rogers Hornsby, leading the National league in individual batting and home run hitting today is so far in advance of his challenge that any bid they may make to overtake him will not seriously threaten his drive for the 1922 championship.

The St. Louis marvel, with the close of the season just five weeks away, today has a twenty-five point margin over his rivals and is battling stronger as the race draws to a close instead of going into a slump. In his last seven games, Hornsby whaled out thirteen hits, which shot his average up to 383. His string of thirty-two home runs is the best performance in the history of the National league.

Grimes of Chicago crowded Bigbee of Pittsburgh out of second place honors, going into the runner-up position with an average of 364, as a result of bagging eight hits in his last six games. Bigbee is batting 358, with Hollocher of Chicago fourth with 356. The averages include games of Wednesday.

Max Carey of Pittsburgh continues to be the class of the league in base stealing, having run his string up to thirty-eight.

Other leading batters for ninety-five or more games: Miller, Chicago, 354; Walker, Philadelphia, 344; Daubert, 343; Carey, Pittsburgh, 342; Kelly, New York, 341; Harper, Cincinnati, 334.

### STAR COACHING STAFF IS HOPE OF SOUTHERNER

(By the Associated Press)

CLEMSON, Sept. 2.—A coaching staff second to none in the South is what Coach Stewart of Clemson is hoping for this fall. In 1921, E. W. Shaw of Nebraska was his lone helper, while for the approaching season he has engaged the assistance of Captain T. E. May, Captain Frederick, both of Ohio and Pacific coast fame, and as an all-year man, has obtained the services of Fred W. Hamilton, former captain of the Washington State College teams which defeated Brown and Pennsylvania in intercollegiate games in 1916 and 1917.

Captain May's experience covers many years of playing and coaching. He played on the Oregon Aggies team when Stewart coached there, and later acted as assistant coach. He came to Clemson from Camp Lewis where he led the 1921 football team on the field in many games. Previously he played with the 91st Division overseas, and before that the Multnomah club of Portland, Oregon.

Captain Roderick also played with the Camp Lewis team in 1921 and with the same division overseas. In his college career he was all-state half on the Wooster (Ohio) University team. Later he played professional football on the Massillon, Ohio, team for several years.

In addition, it is probable that "Red" Geddes, the fighting center on the Tiger teams of the last three years, will assist in the coaching, devoting his time to freshman activities with Captain Roderick.

With an assistant coaching staff of this calibre "Doc" Stewart is feeling confident that his 1921 yearlings will be brought through to team sufficiently strong to give the best teams on the Clemson schedule some real battles.

### Iowans Carry First in Horseshoe Title Contest at Capital

DES MOINES, Sept. 2.—Iowans won first, second and third place in the national horseshoe pitching tournament here yesterday, Frank Lundin taking highest honors and last year's champion, Frank Jackson, winning second prize. Seventeen year old Lyle Brown of Des Moines, the only player who defeated the champion during the entire tournament, took third prize.

Brown and R. P. Spencer, of Picher, Oklahoma, the Oklahoma State champion, were tied for third place, but the Des Moines lad defeated the Oklahoman by a score of 50 to 34.

### Cobb and Sisler in Lagging Battle for League Leadership

(By the Associated Press)

The race between Cobb and Sisler in the American League is dragging along with very little change, as each is traveling at about the same pace. Sisler is out in front with an average of .413, while Cobb is trailing with .400.

The St. Louis star smashed out thirteen hits in his last seven games, and Cobb, playing in only six games, poled eleven. The pair is sticking with the .400 mark and give promise of finishing the season above this figure.

Sisler, who has been leading the base stealers almost all season, increased his total to forty-two bases, his closest rival being his teammate Ken Williams, who is second with 33.

Tillie Walker and Ken Williams are tied for the home run honors, each having cracked out thirty-two. Walker smashed out a brace during the week, while Williams failed to increase his mark of a week ago. Babe Ruth also connected with a brace of four bangers, and is only four behind the pair. With his twenty eighth round trip blips, Ruth's admirers are confident that he will overtake the pair before the wind up.

Other leading batters for 50 or more games: Speaker, Cleveland, 370; Heilmann, Detroit, 357; Schanz, New York, 339; Tobin, St. Louis, 335; Ed Miller, Philadelphia, 333; Galloway, Philadelphia, 328; Williams, St. Louis, 325; Bassler, Detroit, 325.

First call for football practice at East Central will be issued Tuesday morning, Sept. 5, according to an announcement today by Coach M. Z. Thompson, who is again in the city after touring the district in search for material for his 1922 squad.

Present outlook for a team is especially bright, he said. Thompson expects to have about 60 men report for first practice and is confident of developing a strong team, although he is not hopeful of taking state honors.

There will be several of the best players of the 1921 team back this year and many new ones, several of whom were given all state honors last year in the high school division. Coach Thompson expressed the opinion that he had secured a big percent of the best high school players in the district who graduated last year. He has also completed his football schedule, which includes nine games. The teams contracted with compose every collegiate conference college in this part of the state, and all the leading colleges within reach of the local institution. Most of the teams will be in his class since few of them had teams of long standing. Much of his material will be young and few of the men have played together before. Only a small percent of them have played college football, he said.

Some of the old men who will be in the ranks again Monday are Guy Meaders, Frisco Vernon, Aubrey Kerr, Travis Kerr, Bill Crawford, Webb Riddle, Shirley Greenburg, F. C. Snow and Gilman Mackin.

Here is some material. During his scouting expeditions the coach has secured the promise of many good men to enroll here this term. Some of the prospective candidates who will be here for the first time are: The two Smith brothers from Prague, both getting all-state mention in high school class; Palmer of Shawnee, who made all-state last year; Stone of Shawnee, three years captain of Shawnee high school basketball team and all-state man in football; King and Butler of Pauls Valley, two of the best players that school ever had; Reed of Holdenville, a husky player; George Morrison and his brother of Wetumka, both good high school men; Kirkpatrick of Wetumka, one of the star players last year; Ludie of Caney; Blumens of Prague; Eppler, all star man of the Seminole team last year; Wallace of Coalgate; Ray Wilcoxson and Lee of Purcell, both able players; Wilson of Salina, Texas; Jobe and Rose of Francis; Bourne of Lawton; Edwards of Fletcher; Cunningham and McCoy of the Ada high school.

Nearly all of these men have had from one to four years of experience in high school football. With so many candidates for the squad, Coach Thompson believes he will be able to work out a team in a few weeks that will put the local school back on Oklahoma's collegiate map.

He was forced to disband his team last year when several of his players were put out of the game on account of injuries. He had very few candidates for a college team, and not many of them were able to play a season. This year, he expects to arrange his team in such a way as to give all men who can qualify a chance to play and at the same time derive the best efficiency from the squad.

His schedule includes games with Oklahoma Baptist University of Shawnee, Murray Aggies of Tishomingo, Oklahoma City College, Weatherford Teachers College, Edmond Teachers College, Oklahoma School of Mines and Wilburton; Phillips University of Enid and Durant Teachers College. Four of these games will be played at home. There is one open date on the schedule and it is probable that the game will be played here.

### Final Matches of Elk Golf Tourney are Changed Today

A change in final matches of the Elk Golf Tournament was announced this morning. The final match to decide the lady champion golfer was changed from three o'clock Sunday afternoon to Sunday morning, Mrs. J. H. Patton and Mrs. A. W. Parker will be contestants.

At three o'clock Sunday afternoon W. J. Collins, Sam Schlenker, Roy Givens and Bruce Ligon will contest for the championship in a foursome. They were the only members to play in the tournament through the semifinals.

Whit Fenton will referee the lady match and Dr. I. L. Cummings will be in charge of the foursome.

# EDUCATION PLAN DECLARED WRONG

Chicago U. Man Asserts  
Instructors Losing  
Sight of Goal.

(By the Associated Press)  
CHICAGO, Ill., Sept. 1.—America does not yet know how to educate was the declaration of Ernest D. Burton, Director of the University Libraries, made today in an address at the convocation of the University of Chicago.

By far the larger share of educators have become so engrossed in the particular administrative task in which they are engaged that they have lost sight of the ultimate purpose of the whole process, he said.

"Many of us who are engaged in the work of teaching are a bit hazy and uncertain in our minds even as to the goal of the educative processes," he declared, "nor have we yet arrived at any satisfactory solution of the question what education should be given to all the people and what should be reserved for special classes of the youth or those who are preparing for certain occupations.

System Is Unjust.  
"It is manifest that the policy of carrying all children as far as they will go on the way to college and a bachelor's degree letting those fall by the way who will, is grossly unjust to that large majority whose destination is not the college but the shop and household.

"Forty years ago it was a common observation that public schools were the safeguard of the country and guaranteed its future welfare. Yet at the same time we were affirming that the schools could not teach religion and virtually we meant by that to exclude also any systematic attempt to teach morality or to develop moral character.

"The education of a democracy cannot be limited to the period of youth but must include systematic and organized effort for the education of adults.

"The world is rapidly becoming democratic. But real democracy is not a matter of the external form of government. It is far more one of inner spirit, of vital relationships and of fundamental convictions. The transition to democracy involves a radical change in the thinking and attitude of the people.

"A pure democracy does not exist today. But the day of autocracy rapidly is passing and the great movement of the world's thought and life is toward democracy.

"In a real democracy where there is to be leadership but in which all the people are finally to pass judgment on the plans which are worked out for them by the leaders, there must be for all the people a measure at least of education and that of the right sort."

"I AM THE LAW," A GROSSING PHOTOPLAY OF THE NORTHWEST AT THE AMERICAN THEATRE MONDAY AND TUESDAY.

"I AM THE LAW," a blue-blooded story of virile and scintillating action, laid in that god-forsaken land of barren whiteness and the snow drifts of the northwest, where the derelicts of humanity drift to make their last gold strike, where race or creed is forgotten in the mad rush for the precious yellow metal—there in that country is laid the setting for a powerful photodrama that comes to the American theatre this week, heralded as greater in story and cast than any other production that has come to this city in a decade.

Gold was discovered at Placer-ville, Cal., in 1848, only eight miles from the present Lincoln Highway.
